

Vision Alignment

Integrating & Compelling Team BUY IN

As a leader, do you ever experience frustration when team members don't seem to understand the core values or vision of your organization?

Would you like ideas on how to impart your core values or vision into day-to-day operations, problem solving, challenges and incentives?

In this profound but practical presentation, you will learn how you can impart the real purpose and goals of your organization into a duplicatable series of purposeful, structured events.

Michelle will share specifics on how to lead you and your team to Vision Ownership. The result, when applied, will be unity, higher productivity, less turnover and excellent team morale.

Participants will be able to:

- Clearly Understand the Benefits of a Vision Focused Organization
- Create Effective Team Engagement and Increase Cohesiveness
- Apply Specific Strategies to Keep the Vision in Front of the Team
- Involve Team Members in Vision Ownership using Creative Programs & Initiatives
- Equip Teams to Utilize the Vision in Day-to-Day Operations, Launching the Entire Organization into a Unified Mindset and Powerful Results

This Program is Perfect For:

- Leaders and/or Managers
- HR Professionals
- Associations & Corporations
